## 2021 FALL CATALOG

# Who is Kumon Publishing?

We are an innovative publisher of workbooks and other educational products designed to teach children math, verbal, and early learning skills. Our goal is to foster a love of learning in children around the world.

Our books and learning aids:

- teach basic skills and concepts
- facilitate learning without frustration
- nurture good study habits and concentration
- motivate children to learn on their own

We have more than two decades of experience in creating high-quality products that are fun and educational.

## Why Choose Kumon Workbooks?

The Kumon Method is what makes our workbooks so unique and effective. Our proven learning system was developed to help each child reach his or her full potential. Concepts are introduced in an intuitive and step-by-step manner that allows children to master each skill in turn without getting frustrated. Before long, children gain confidence in their abilities, which motivates them to learn independently.

## What Is Kumon?

Mr. Toru Kumon, Founder of Kumon

Kumon [koo-mon] began over sixty years ago with a father and son in Japan. High-school teacher Toru Kumon created the Kumon Method to help his son, Takeshi, improve in math. Today, Toru Kumon's step-by-step, individualized approach to math and reading has grown to become the world's largest supplemental education program, with learning centers in 56 countries and a student population of over 4 million.

## STEM Missions Workbooks

### SOLVING PROBLEMS WITH SCIENCE, TECHNOLOGY, ENGINEERING, AND MATH

Kumon STEM Missions Workbooks offer students a fun way to explore interdisciplinary topics by combining science, technology, engineering, and math questions to strengthen problem-solving skills. In this workbook, your child will complete several STEM “missions” designed to increase his or her critical thinking and problem-solving abilities. Each mission asks your child to read science passages, answer questions about the passages, solve math problems, and use the knowledge gained to create or design a solution (engineering) to a real-world problem. Featuring Life Science, Earth Science, and Physical Science topics, these workbooks are sure to get your child interested in the connection between what he or she learns and how it can be applied to the real world.

**8 ½ × 11 inches • Paperback • 52 pages • Full color • US \$ 8.95 / CAN \$11.95**
