## The High Priestess

### Listen with Your Heart to the Truth of Your Feelings

Your inner High Priestess hears the melody of wisdom's truth chanting in silent rhythm to the pulsating life force flowing within your being. ## Positive Affirmations

Positive affirmations are words you say to yourself either out loud or silently in an upbeat, encouraging, respectful way. These words or phrases are often messages to yourself to affirm that you're doing a good job, or doing your best, or that you can have successful experiences in life and love. You can repeat them numerous times like a chant or chorus of a song. For an affirmation to have benefit, it's best to say it from a positive point of view.

The following are some examples of positive affirmations:

“I am loving and have good communications with myself and others!”

“I am capable of doing good work and winning!”

“I will be a successful Tarot card reader!”

“I am confident of my ability to find meaning in Tarot images!”

“I am developing my sixth sense and using my intuition!”

## The Emperor

### Your Thoughts Build the Foundation for Your Future

Willful, logical, and naturally competitive, The Emperor asserts his power with a firm grip. Wearing the crown of leadership, he courageously acts to help generate prosperity. Right or wrong, his ideas are most often spoken with a sense of bold confidence. Emotional control and psychological command reveal his strength and authority. He is the companion to The Empress, and his internal heat ignites the surging union of positive and negative energy.

The following is a short list of some universal symbols that you might see in your cards. Although there may be multiple meanings given to each symbol, here you are mostly given only one meaning:

Thank you 22 times infinity for the journaling that you've done in your playbook! Keep practicing to strengthen your relationship with your cards. Consistent practice will guide you on the path of personal experience toward learning to do divination. It might accelerate your success to sprinkle a little salt over your right shoulder for good luck, or maybe it won't. What's important is that you always carry a little extra love in your pocket, and when it feels right, sprinkle it like fairy dust to inspire an uplifting note to your readings.

You have arrived at the end of your playbook and are ready to begin a new Tarot chapter in your life. By writing down your ideas concerning the cards, you have gained clarity about their meaning and deepened your insight into your attitudes and perceptions about their images. By experiencing the Intuitive Portal and using the Skill-Building Practices, you have been working to solidify a foundation of knowledge that can support your intuitive practice. Like The Magician who is inspired to win and spins The Wheel of Fortune, proceed with trust in the skills that you are developing, and enjoy your journey.
